North Carolina League of Conservation Voters PAC Endorses Terri LeGrand

Kernersville, NC – Terri LeGrand is proud to be endorsed by North Carolina League of Conservation Voters (NCLCV) Conservation PAC. The NCLCV is a nonpartisan advocacy organization whose mission is to protect the health and quality of life for all North Carolinians.

Carrie Clark, NCLCV executive director, says Terri LeGrand earned the organization's support because LeGrand has proven she will "respect science, listen to experts, and act to promote every North Carolinian's health and well-being at a time when that has never been more important."

"Thank you to NCLCV for endorsing my campaign for Senate District 31," said LeGrand. "I'm dedicated to investing in renewable energy and green technologies to grow the economy, creating the jobs of the future, and combating climate change."

Clark noted that 2020 is our best opportunity to put our state on a path that will once again protect people instead of polluters. "We are confident that Terri LeGrand will continue to be a leader in solving the climate crisis, establishing Clean Energy for All, and saving North Carolinians from the threat of GenX, coal ash, and hog waste contamination."
